General Plan

Location

Informational documentation with no contractual value and purely illustrative, subject to necessary modifications due to technical, legal, or commercial requirements by the technical management or competent authority. The infographics of the facades, common elements, and other spaces are for orientation purposes and may be subject to verification or modification in the technical projects. The furniture in the interior infographics is not included, and the finishes, quality, colors, equipment, sanitary fixtures, and kitchen furniture are merely representative approximations. The equipment in the homes will be as specified in the corresponding quality specifications. The energy certification corresponds to what is established in the ongoing project. All information and document delivery will be carried out in accordance with the provisions of Royal Decree 515/1989 and other regulations that may complement it, whether of a state or regional nature.
