One more step in your quality of life

We’ve spent more than 25 years creating architectural masterpieces in the Balearics. Our German origins blend perfectly with the Mediterranean serenity when creating high-quality projects that showcase space, comfort & design.

More than homes

Each and every project we develop at Residential More is unique and special. Always using the highest quality materials and the most qualified professionals.

Projects that pair perfectly with the Mediterranean

11 beautiful homes where every detail is carefully designed to enhance your quality of life.

All feature acoustic insulation and are equipped with designer furniture that matches the architecture of the location. The kitchens are by Poliform and Molteni, with Gaggenau and Miele appliances. Additionally, there's a spectacular professional gymnasium with cutting-edge equipment from brands such as Technogym, Concept 2 and Rogue.

Areas that enchant and fill the soul, with all the comforts and the most select design.

More space to live as you've always dreamed.

Puerto Portals

Our development is located in one of the most exclusive areas on the Mediterranean. Just minutes from the centre of Palma, it is surrounded by exquisite landscapes, with buildings cooled by the sea breeze and boasting magical views.

Mallorca’s most magical setting

This area of Mallorca attracts people with higher purchasing power, thanks to its proximity to a beautiful marina, the stunning Oratori beach, renowned international private schools, a thriving commercial scene with some of the world’s most prestigious brands, and a wide range of dining options where you can delight in the island’s finest dishes.
